Company Names

Limited companies incorporated in Hong Kong cannot have the same company name as those in the index of company names kept by the Registrar of Companies. You may conduct a company name search free of charge through the [Companies Registry's Cyber Search Centre](#) online. Use the "Exact Name Search" mode and input the full and exact company name that you propose to register (use traditional Chinese characters for Chinese name).

A company name that may infringe the [Intellectual Property Rights](#) ("IPR") of a third party should not be adopted.

Company Structure

Most limited companies incorporated in Hong Kong are private companies limited by shares. A private limited company in Hong Kong requires at least one director who is a natural person and one company secretary. If the company has one director only, the sole director cannot also be the company secretary at the same time. If the company secretary is a natural person, he/she should ordinarily reside in Hong Kong. If the company secretary is a body corporate, its registered office or place of business should be in Hong Kong. A non-Hong Kong resident can be appointed as a director. The registered office of the company must be situated in Hong Kong.

There is no requirement for shareholders to be Hong Kong residents. The sole shareholder can be a director of the company.

Significant Controllers Register

To enhance transparency of corporate beneficial ownership in order to fulfil Hong Kong's international obligations, the Companies Ordinance requires a company incorporated in Hong Kong to obtain and maintain up-to-date beneficial ownership information by way of keeping a '[Significant Controllers Register](#)'. The Register should be open for inspection by law enforcement officers upon demand.
