

## WHERE ARE WE LOCATED?

Our new Embassy building will be finally ready at the End of June and is located at the following address:

**Embassy of Switzerland  
Villa 60, Wadi al Hamra Street 807  
Area 66, Al Dafna  
P.O. Box 23745**

**Doha**

As we all know, Doha is a huge construction site with the road traffic system and urban plans re-shaping the city topography frequently and constantly. For this reason, and at the beginning, it will be a little challenging task to find us. We hope that the enclosed map, guidance and picture will help you out. In this context we would like to emphasize that the indicated suggested way below might not be the most direct one. Nonetheless, and for the moment being, we think that it is the easiest way to find us. Once you are more familiar and confident with the territory, you will use most convenient ways and shortcuts to get to us!

## HOW CAN YOU REACH US?

Coming from the city-centre, take Al-Jamiaa Road and please continue straight until you reach the intersection with Al-Onaiza Road. After this light drive straight for aprox. 1 km until you'll see a second light. After this light the name of Al-Jamiaa Road change into Al-Khor. Just aprox 150-200 meters past this light you will see to your right a white standalone house with a high mast and a Swiss national flag. Also on the roof there is a very high radio antenna. Take the first exit to the right and from this moment one you should be able to find the building easily.
