Science and Policy
Platform of the Swiss Academy of Sciences
KFPE – Commission for Research Partnerships
with Developing Countries

Research and innovation are considered important factors in reducing poverty and global risks and securing global public goods in the context of global sustainable development.

SDC and KFPE are jointly organising a 2nd Research Fair to provide an opportunity for exchange and dialogue between science, policy, and practice on the implementation of the Agenda 2030 for Sustainable Development.

The Agenda 2030 promotes a unique, universal framework that includes the 17 Sustainable Development Goals (SDGs), a review system, and a framework for partnerships. Researchers from Swiss institutions and their international partners will showcase innovative ideas and reflection on:

- Contribution of research to the achievement and implementation of the Agenda 2030 and the SDGs
- Adequate multi-stakeholder partnerships
- Holistic approaches on how to deal with possible trade-offs
- Approaches and ideas for monitoring and reporting on progress and gaps

Venue
SDC Headquarters
Freiburgstrasse 130
3003 Bern

Exhibition
Stands will be open until
11 November 2016
9:00 – 17:00
